## Adjustments to tax due

You may need to make an adjustment to increase or decrease your tax for 2024-25, calculated by reference to an earlier year, because you're claiming averaging for farmers and creators of literary or artistic work or making certain adjustments to earlier years. If you're carrying back certain losses from 2025-26 to 2024-25, any repayment will be in the form of a credit on your self-assessment statement of account and set against other amounts to be paid and will not affect the figures in boxes 1 to 6 on page TC 1. If you need help in filling in these boxes, ask us or your tax adviser.
